

CHANGE YOUR ENVIRONMENT

Environment is about

- Surroundings,
- Seasons and Time.

Tropical plants don't do well in desert environments. Fish don't do well on the land. There will be a literal place or locale where you will blossom. Equally so, there will be a specific time and season in which your blossoming will manifest; for this to come into being, change must occur in your environment. Environment has two Facets Controllable and uncontrollable; I will talk about changing your place for this thought.

The place where you're planted is the source for how you will prosper

The 444 Rule

The 444 rule is taken from John 4:44, when Jesus testifies that it is hard for a person to do great things among their close family. Your becoming greatness may need a change of place. Many entertainers and athletes who found either disgrace or low reception saw their careers take on new life when they toured or moved outside of the USA.

If you're not blossoming, one of the reasons could be the place where you dwell. It may be a person or persons

Do not be misled: "Bad company corrupts good character. 1 Corinthians 15:33 NIV Being with the wrong people or people, being in the wrong place, or being at the wrong time will affect your becoming. A word of wisdom, Don't make a change without good counsel. The Bible also says that there is safety in the multitude of counselors.

We can help.
